हिन्दी में

In English

For many industries, an average click-through rate is between 4-6%. So a good or above-average click-through rate in Google Ads would be something like 7-9%. If you're in the travel, automotive sales, or real estate industries, however, where average CTR is 7-9%, you'd want to strive for 10-12%. 31-May-2023
